

Plant Mix Up

Pupils at Green Grass Primary School have been growing flowers.

Unfortunately, their names have fallen off the pots.

Ben	Sarah	Alex	Mo	Sam	Amir
-----	-------	------	----	-----	------

Can you work out which pot belongs to which pupil?

- Mo, Alex and Amir only grew 1 flower each.
- The short pots weren't used by Alex and Ben.
- Ben and Mo planted tulips.
- Amir was one of the two students who used a wide pot and Sarah was the other one.
