

English Vision – St Oswald's RC Primary Accrington

At St. Oswald's RC Primary School, we believe that literacy and communication are key life skills and aim to deliver a high quality English curriculum that gives children the best possible opportunities to become confident and successful communicators, readers and writers with a deep love and understanding of the English language. We believe the development of reading and writing is central to improving a child's life chances.

Literacy is at the heart of all children's learning. It enables pupils both to communicate with others effectively for a variety of purposes and to examine their own and others' experiences, feelings and ideas, giving these order and meaning. Literacy is central to children's intellectual, emotional and social development; it has an essential role across the curriculum and helps pupils' learning to be coherent and progressive.

We understand the importance of writing and language in our lives and we are committed to ensuring we do our very best to help the children in our care become creative writers and successful readers.

This vision is shared between school stakeholders.
